CITY OF CHICAGO

BOOTING LICENSE PLAN OF OPERATION

Licensee: INNOVATIVE PARKING SOLUTIONS LLC

Premises: 1829 N. Milwaukee Avenue
Chicago, Illinois 60647

License Type: Regulated Business License, booting operations

Pursuant to Chapter 4-4-313 of the City of Chicago Municipal Code, the above named Licensee has agreed to comply with the conditions listed below to assure that the operation of a regulated booting license for booting operations will not cause a public nuisance or deleterious impact on the health, safety and welfare of the community.

1. In the event that the Chicago City Council passes an ordinance that requires a separate business license for each location within the City of Chicago at which booting operations are conducted, Licensee shall provide a list of all business locations, copies of each service contract, along with the requisite fees within 10 business days of the ordinance's passage.
2. Until the Chicago City Council passes the ordinance contemplated above, Licensee shall submit a copy of the contract for its services with the owner of each parking lot or garage to the Department of Business Affairs and Consumer Protection (BACP) within 48 hours of execution.
3. Licensee agrees to submit a background check to BACP for each employee or agent hired to conduct booting operations at any location in the City of Chicago prior to the start of his or her employment to ensure compliance with the Municipal Code of Chicago § 4-6-230(c)(2).
4. Licensee agrees that employees and agents will be trained that, in each instance in which a vehicle owner returns **prior to complete installation of a boot**, the boot will be immediately removed for no charge as required by the Municipal Code of Chicago § 4-6-230(f)(9).
5. Licensee agrees that the 24-hour phone number displayed on signs posted in parking lots will be answered by a person (and not simply an answering service) whenever booting operations are conducted at any location in the City of Chicago.
6. Licensee agrees that the signs required by Municipal Code of Chicago §4-6-230(f)(3) shall be posted conspicuously at vehicle and pedestrian entry and exits for the lot. Further, Licensee shall

not post the required signs in places such that signs will be obstructed from plain view by parked vehicles.

7. Licensee agrees that its employees will be trained that no offers to remove a boot may be made for any amount other than the fee of \$140 allowed by the Municipal Code of Chicago § 4-6-230(g)(3).
8. Licensee agrees that its employees or agents shall wear uniforms including coats or vests that clearly identify them as employees of the specific booting company.
9. Licensee agrees that the receipt given to the owner of a booted vehicle shall include the date and time the boot was placed on the vehicle, the date and time the owner returned to the vehicle, and the date and time the boot was removed from the vehicle, as required by Municipal Code of Chicago §4-6-230(f)(13)

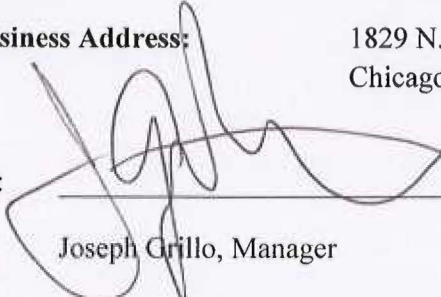

The conditions of this plan of operation are legally binding and may be enforced by the City of Chicago enforcement authorities. Violation of the above stated conditions may result in the imposition of a cease and desist order and fines in addition to license suspension or revocation.

The conditions imposed pursuant to this plan of operation shall apply to the business address and Licensee and to all officers, managers, partners, and direct or indirect owners of the licensed entity. The sale of the business to other persons purchasing the stock or membership units of the licensed entity does not void the above conditions on the license. Any and all potential new owners of the licensed entity shall be subject to the same conditions set forth in this plan of operation.

It shall be the duty of every person conducting, engaging in, operating, carrying on or managing the above-mentioned business entity to post this plan of operation next to the license certificate in a conspicuous place at the business address.
