

CHICAGO ANIMAL CARE AND CONTROL DOGGIE DAY OUT PROGRAM

About the Program:

Chicago Animal Care and Control's ("CACC") Doggie Day Out Program is designed to allow long-term dogs (over 30 days in the shelter) in our care an opportunity to get out of the shelter environment and spend time out in the world. This Program will help relieve the stress that many dogs feel living in the shelter environment, and it will allow the dogs to be seen / marketed while out on their Doggie Day Out. Doggie Day Out Program Fosters are encouraged to help the dogs in our care experience life outside of the shelter and to promote adoption / rescue of the dog (social media, pictures) to help the dog find its forever home! Doggie Day Out Program Fosters are allowed to check a dog out on Tuesday, Wednesday or Thursday of the week for up to 4 hours. A CACC Representative will choose the dog for the program.

Doggie Day Out Program Fosters must:
