Community Tables Descriptions

- **Table 1.** *Better Streets for Transit: BRT Corridor implementation: building projects and building coalitions* –

This table will provide updates regarding projects in the pipeline, it will introduce the Better Streets for Buses Toolbox, and will discuss relevant projects in the area, as well as opportunities for community partners to get involved in advocacy efforts to support and advance projects.

- **Table 2.** *Beyond the Bike Lane: Accessible Micromobility: a better network and more inclusive events for all* –

CDOT will share updates about Divvy network improvements and expansion across the city and will highlight relevant projects in the far south side. Envision Unlimited will provide more information about their adaptive cycling summer events and how they use cycling as an inclusive activity to promote health and wellness for all.

- **Table 3.** *Featured project: 130th Street Streetscape/sidepath* –

This table will discuss the goals and benefits of the upcoming 130th St Streetscape Project. In addition, a recap of the advocacy efforts around this project will be highlighted and a conversation about the visioning of the streetscape project will be facilitated.
