# ★ Communications- General public

**YOU WOULDN'T DRIVE  
PART OF A CAR.**

**DON'T ACCEPT BEING ONLY  
PARTIALLY VACCINATED.**

You don't have maximum protection from MPV until 2 weeks after the **SECOND VACCINE.**

More info at [chicago.gov/MPV](https://chicago.gov/MPV)

**NO HA TERMINADO.  
PROTÉGETE**

La viruela del mono puede causar semanas de enfermedad grave e incluso la muerte, pero se puede prevenir con dos dosis de vacuna.

**PUEDE OBTENER SU VACUNA  
FÁCILMENTE AHORA!**

Haz el tiempo. Pregúntele a su proveedor de atención médica sobre las pruebas y la vacuna contra la viruela del mono.

# Integration

- Services CDPH Syndemic Infectious Disease Bureau conducts and funds
  - Community-specific
  - General SID healthcare and supportive services
- Ongoing engagement with non-delegate clinical providers working with people eligible for mpox vaccine
- Other stakeholders
  - Businesses
  - Elected officials
  - Community members and groups
- And not just about mpox, but about health and wellbeing

# Outbreak Preparedness

- Emergency Preparedness Tabletop exercises
  - For the next outbreak among communities impacted by syndemic infectious diseases
    - LGBTQ+ communities and Black and Hispanic/Latina women
  - Concretize what we've learned
    - What we've learned during the mpox outbreaks
    - What we've learned during COVID-19 response among the general public and among LGBTQ+ communities specifically
    - What we've learned during the meningitis outbreak in 2015
    - What we've learned from the HIV epidemic
    - What we've learned with PrEP for HIV
    - What we've learned from re-engagement in HIV care efforts
    - What we've learned with STIs
    - What we've learned from viral hepatitis
    - What we've learned from organizing

I AM POWERFUL. I AM THRIVING. I AM PROUD. I AM STRONG. I AM VACCINATING FOR MPOX. I AM PRIORITIZING MY HEALTH.
