★ 10 Domains

- PHAB groups public health services into 10 domains

115 Documents

- Each domain includes Standards and Measures that describe more specific achievements expected of CDPH
- We submit documentation to confirm how CDPH's work meets these expectations
- In total, PHAB requires 115 documents

on outside = number of documents required

Example

- Domain 2: Investigate, diagnose, and address health problems and hazards affecting the population
- Standard 2.2: Prepare for and respond to emergencies
- Measure 2.2.7: Conduct exercises and use After Action Reports (AARs) to improve preparedness and response
- Documentation for 2.2.7 includes:
 - Slide deck: Summer Opioid Response – Incident Command Structure (SOR-ICS) After Action Report, September 2024
 - Executive Summary: 2024 Summer Opioid Response
 - News article: “Chicago Sees Steep Drop in Number of Deaths Tied to Opioid Overdoses,” [Journal of Emergency Medical Services](#), Oct. 6, 2024

Timeline to Submission

- Nov. 22: Complete document production
- Dec. 9: Complete final review of all documents
- Dec. 16: Finish formatting documents per PHAB submission requirements
- Jan. 6: Finish submitting documents in PHAB portal

And Then!

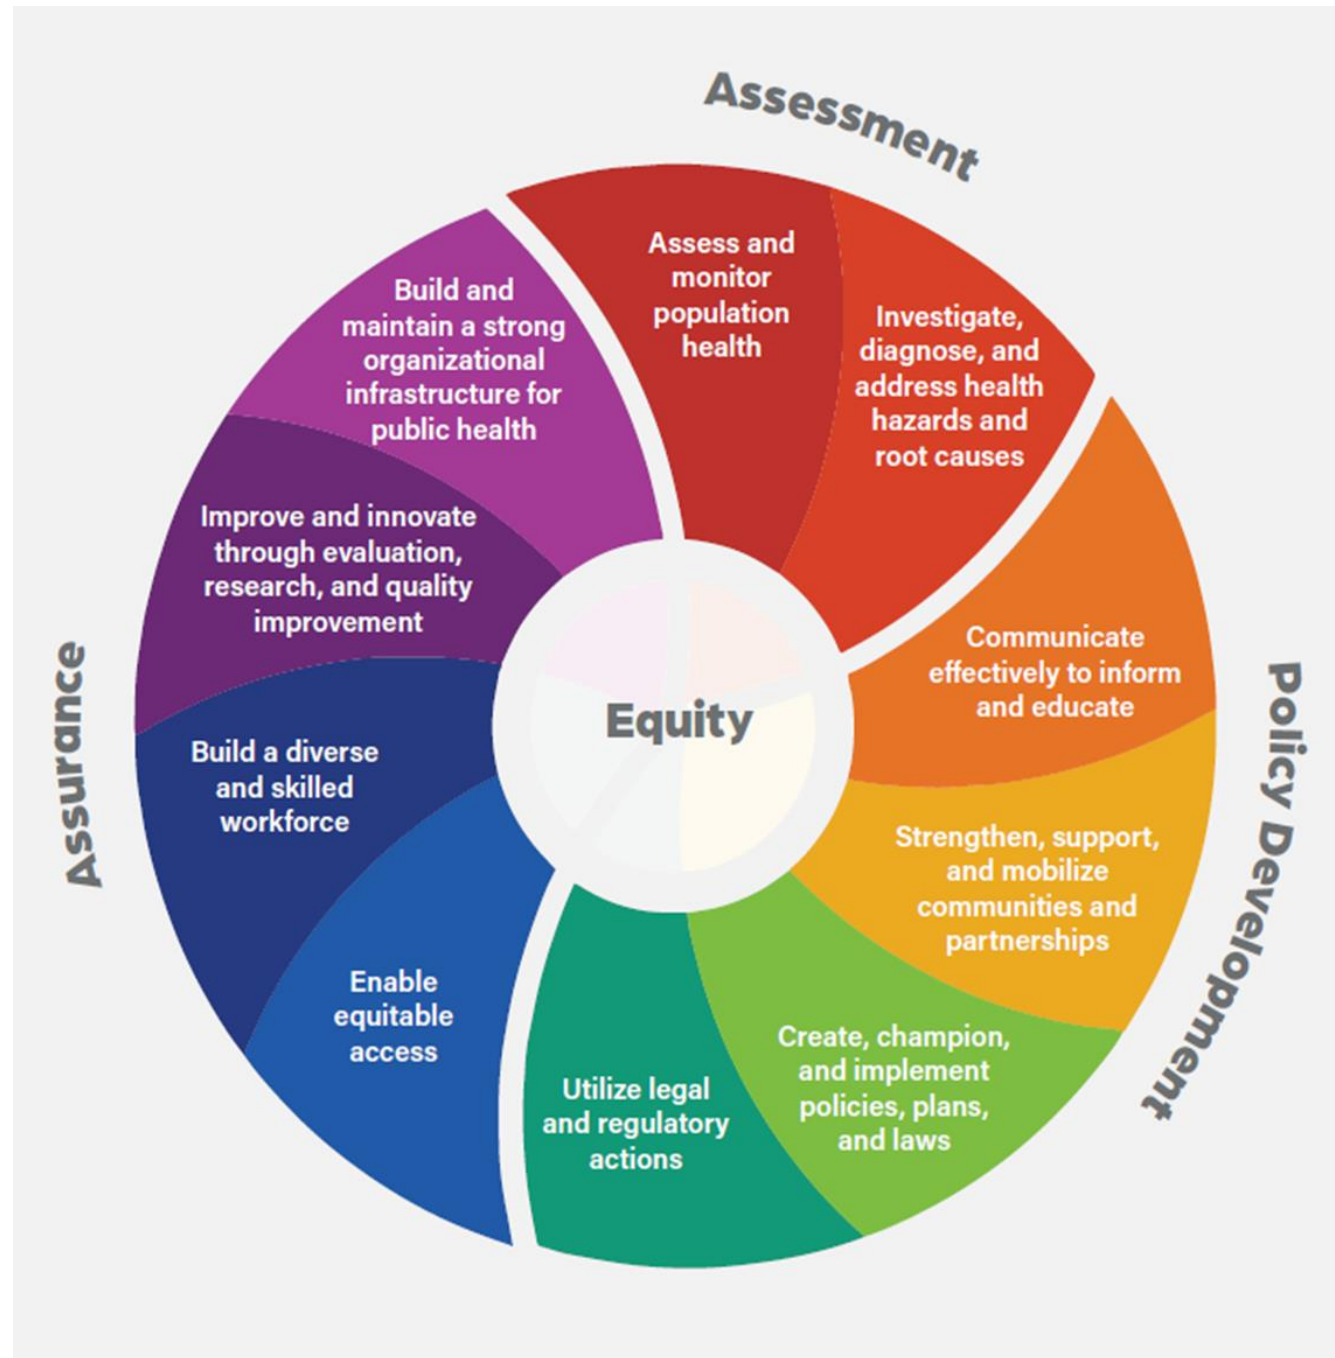

- Celebration PHAB submission
 - Thank the staff in 12 bureaus and dozens of programs who provided documentation
 - Thank the 26 staff who reviewed documents for compliance with requirements and recommended improvements
 - Thank leadership for championing reaccreditation
- Review lessons learned
 - Review the process:
 - Timeline, communication, file management, tracking, recordkeeping, project staffing
 - Review the product:
 - How robust is our documentation? Does it do justice to the quality of CDPH's services?
 - Does the documentation represent the breadth of CDPH? Are bureaus and programs underrepresented?
 - What quality improvement needs does it signal?
