Subject: Let's Shedd Plastics Event Participation

Hi Steve,

Happy Friday! I hope you have some fun plans in store for the weekend!

I wanted to let you know that both Gina Parra-Hughes (copied) and I attended a "Let's Shedd Plastic" event at the Shedd Aquarium this past Tuesday, July 31, as a part of our role on the Committee on Environmental Protection and Energy. The event did not have a ticket value, as it was a convening of environmental organizations, elected officials, and business leaders to discuss how to reduce plastic waste. Shedd Aquarium did comp our parking to attend, which had a value of \$55.

Please let me know if you need any more information about this event or our participation in it.

Thanks for all you do!

Regards,

Leslie Perkins

Chief of Staff & Policy Director

Committee on Environmental Protection & Energy
