Steve,

To close out this thread I also traveled last week to New York City for the New York Home Repair Convening. Hotel & flight was paid directly by NYU and they also provided breakfast and lunch on site during the conference. This was in relation to my position on the DOH Construction and Compliance team and was approved by Commissioner Casteneda and OBM. Ground transportation and meals outside the conference were not included and paid out of pocket.

Attached you will find the agenda for the event.

Subject: Home Repair Network - June Convening - Ethics Travel Inquiry

Good morning Steve,

I hope your week is going well! Irma, Eliseo and I were invited to NYC to participate in the Home Repair Peer Network June Convening. We were selected to participate in this Home Repair Network last month (see email with details) , and we are attending sessions virtually every few weeks. This travel would be fully funded by NYU – the hotels paid directly by NYU and then reimbursements to us directly for incurred meal and travel expenses.

Can you please let us know if this travel is appropriate from the Ethics standpoint or if you have any further questions to make a determination? We know we have a lot of other internal approvals required from OBM as well.

Best,

Steph
