[Warning: External email]

Mr. Superfine,

I have returned from my May 4-7th trip to Seattle, WA where I attended a board meeting and annual conference of the Association of Local Government Auditors (ALGA). I attended the board meeting as chair of one of the Association's committees to provide updates on my committee's work. ALGA will reimburse my travel expenses related to the board meeting.

This trip was related to my City position but did not involve City-specific information. There was no honorarium or other payment.

Thank you,

Claire Kruschke (she/her)
