Steve – James Higgins and Zeeshan Khan attended the training class and did not accept any swag or other giveaways.

Please let me know if you have any additional questions.

Thank you,

- Bruce

Subject: Approval Requested: Nov. 7th - Learn from Your Disaster Recovery/Business Continuity Peers at CAMP IT

Steve – CAMP IT is a local IT training company that puts on various IT-related one-day conferences throughout the year. Dan Horwich is someone I know in my professional network through having presented at his conferences in the past. From time to time, he e-mails offering seats in his conferences for free. It helps the community and it helps him fill out his conferences for the vendors which support them; a win-win.

Dan recently e-mailed about a Business Continuity / Disaster Recovery conference to which I would like to send two of my team members: James Higgins whose role is to focus on BC/DR and his manager, Zeeshan Khan.

Please let me know if you need any additional information from me and whether or not this is approved.

Thank you,

- Bruce
