Hello Steve,

I'm sending an email confirmation that I attend this meeting earlier today.

Thank you,

Sendy

Good morning, Everyone,

I wanted to provide y'all a PDF of the invitation for the panel event and also the Eventbrite link people can use to RSVP. Please, feel free to invite anyone who you think might be interested. Also, when you have a moment, reach out if you can be of any assistance in inviting any of the highlighted entities on the event invitee list I sent a couple of days ago.

<https://www.eventbrite.com/e/qa-and-panel-discussion-tickets-1041229404177?aff=oddtcreator>

Thank you, again. Let me know if you have any questions.

All the best,

Steven

Good Morning, Everyone,

I wanted to confirm with everyone that the new date for the convening will be **November 12th @ 10:00 am**.

I will be attaching notes from Thursday's discussion in this email alongside a mock "event flow." I will also attach a list of foundations the Coalition intends to invite to the event. On this list, there are some foundations/entities that are highlighted; these are entities the Coalition wishes to invite, but we have no active connections there. Could you all take a look at this list -- more specifically the highlighted names -- and determine if you know anyone at these places? If so, an invitation directly from you to the entity would go a long way to possibly having them attend the convening. Could you reach back out to me if you intend on reaching out to any of the entities on this list or any entities not on the list?

If possible, I would like to gather everyone together prior to the convening so that we may go into more detail on what would be discussed by the panel and to clearly define everyone's role. Let me know your thoughts on when you would like that to be.

Thank you to all of you for assisting us with this; it truly is a great help.

All the best,

Steven
