RE: Travel Report for October 15-16, 2024

Date: October 28, 2024

On behalf of the Chicago Department of Public Health, I recently attended the National Science Foundation's (NSF) Civics Forum meeting in Washington, D.C. The funds to support this trip were covered by the NSF, through its PI the Illinois Institute of Technology. I did not accept any honorarium for such travel.

Please contact me if you have any questions at 312-747-9429.

Thank you
