Subject: Gift Card

My name is Maddelyn Vanicelli. I work for Chicago Public Library. I have been hosting blood drives for the Red Cross at our location. This summer, because there was a blood shortage, the red cross gave out \$100 virtual gift cards to Amazon to anyone who hosted a blood drive in July or August. Since I hosted one, I just received the code. I am passing it on to my manager so that it can be used for ordering supplies for our branch. I was told to notify you of this gift. Thanks.
