Good morning, Steve.

This email is to confirm that Angela Tovar (cc'ed here) and I did attend the C40 Zero Emissions Transportation Workshop in Seattle, WA from September 16 -19th. Our attendance was in an official capacity and paid for by C40, the global conference of climate cities/mayors. C40 covered the cost of travel, lodging and food for the duration of the convening. Please let me know if you need anything else from either of us.

Best,
Lindy
