Dear Berkman Center Team,

The assorted box of Harvard-related items you sent has arrived here safe and sound. Thank you for thinking of our staff in this way. We were very pleased to be the site of the DPLA Midwest event. Due to the City's ethics policy we are unable to accept the gifts as tokens of your appreciation individually but will be delighted to be able to provide them as prizes for children and teens participating in activities here at the Library in the coming year. On their behalf we gratefully accept your outstanding generosity. We look forward to the next installment of the further development of the Digital Public Library of America with great interest and all our good wishes.

Sincerely,

  
Greta Bever
