

### 13. EEOC ENTERPRISE-WIDE AND CHICAGO DIVERSITY DATA

Huntington is providing its most recent EEO-1 Consolidated Report filing in lieu of the excel file the city has provided. Huntington has made this decision because the requested information from the city does not include all the employee race and ethnicity categories that Huntington reports. For example, Huntington also has an additional category for Native Hawai’ian or Pacific Islander. Huntington also has separated the Officials and Managers category into Executive/Senior Officials or First/Mid-Officials and managers. This follows the EEO-1 reporting.
