Re: Request for Information from Annual Appropriation Committee Hearing

ID#: **23-03**

The following information is provided in response to questions posed at our department's hearing on November 8, 2024, to discuss the proposed 2025 budget.

Ald. Dowell asked us to provide an update on Amanda Williams' public art contract for a project at 51st Street and King Drive.

DCASE has been working with the Department of Law to make changes to our standard contracts that will accommodate Amanda Williams' unique and thoughtful project. Our standard contracts at DCASE are meant to handle the design and construction of permanent artwork that will become part of the City's Collections. Many aspects of this project do not have adequate language in our standard contracts, including the temporary intent of the artwork and the determination that the City will take ownership of the Artwork and then return it to the Artist.

- The Scope of the Agreement describes various components or deliverables to be created/prepared under the Agreement. We are negotiating the following terms:
 - Artwork (physical structure): Owned by City for a period of 3 years, then returned to the artist after the exhibition has concluded.
 - Artwork and Digital Repository – Created by the Artist, and the Artist retains ownership.
 - Digital rendering of Artwork: Owned by Artist, licensed to the City or the Artist?
 - Design Build and other process documentation: owned by City or the Artist?
- DoL understood that the Artwork will be installed on Park District property, and they included a signature block in the Agreement for the Park District for the limited purpose of memorializing

their acknowledgment of the installation of the work on their property, and ongoing rights to access the property by the Artist in order to maintain and subsequently de-install the Artwork. We need to confirm with Parks District that this is acceptable.

- DCASE will work with Risk Management to review the insurance requirements as well as any implications that come with the City owning the Artwork
- Section 3.1 (Term)
 - DCASE has been told that Contracts can only be active 2 years at a time. The artist plans for the project to be on display for 3 years. DCASE is working with DoL to determine how the term can be worded.
- Section 4.2
 - A final payment needs to be held back until the end of the project, payable to the artist after they have removed their artwork, but that exceeds the 2-year limit of the contract.
- Exhibit 1 (Project Overview)
 - Negotiating artist deliverables, since the project is atypical.
- Exhibit 7 (Grant Agreement)
 - This project is being funded by the Mellon Foundation Grant and funds must be spent accordingly.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 23-12

The following information is provided in response to questions posed at our department's hearing on November 8, 2024, to discuss the proposed 2025 budget.

Ald. Lopez asked us to share our Visual Art Policy.

In 2024, DCASE Exhibitions launched our first digital Open Call to continue to make the Exhibitions Program more accessible and transparent to the broader arts community of Illinois.

- DCASE received 273 applications for exhibition proposals from Illinois-based artists and curators.
- DCASE selected 6 exhibition proposals that we anticipate including in the exhibition schedule at the Cultural Center during 2025/2026.

DCASE Visual Arts Exhibition Program Announcement from 2024:

The City of Chicago's Department of Cultural Affairs and Special Events (DCASE) exhibition program encompasses historic as well as contemporary art worldwide, with special emphasis placed on emerging and underrepresented artists who live and work in Chicago. The exhibition program supports professional artists, curators, and arts organizations to reach a wide audience in the heart of downtown Chicago. The exhibition program is activated through public programming such as gallery tours, public conversations, and hands-on exploration in the Learning Lab. Previous exhibitions can be viewed [online](#).

The DCASE exhibition program serves Chicago-based artists and curators to advance their careers through the production and presentation of new work and retrospective exhibitions in the Chicago Cultural Center, one of the most visited and significant Chicago attractions. Indeed, the platform of an

exhibition at the Chicago Cultural Center can be a significant steppingstone in the career of an artist or curator.

Our status as a non-commercial and public entity encourages artists to take risks and connect to a broad audience. We are proud to serve a uniquely diverse public that may not otherwise encounter the kind of high-quality, experimental, community-oriented, and welcoming exhibitions they can find at the Chicago Cultural Center.

Ultimately, DCASE's exhibition program aims to support a healthy city-wide arts ecosystem where artists, curators, and art appreciators can thrive in Chicago.

The goals of the Exhibitions program include:

- Support Chicago artists to advance their career through exhibition opportunities
- Position the Chicago Cultural Center as a hub for excellent, accessible, and engaging exhibitions for the public
- Create intersections between Chicago artists and national and international arts communities
- Support a diverse group of artists reflective of the city of Chicago and its cultural landscape
- Develop and maintain long-term relationships with Chicago-based artists
- Exhibitions are curated and selected by the Visual Art staff, in consultation with an Advisory Committee. Beginning in 2024, artists, curators, and arts organizations are welcome to submit exhibition proposals for the Chicago Cultural Center galleries in 2025 and 2026.

Call For 2025-2026 Exhibition Proposals:

DCASE is pleased to introduce a new application process for artists, curators, and arts organizations to propose exhibitions for the Chicago Cultural Center galleries in 2025 and 2026. Exhibitions at the Chicago Cultural Center come in many forms and sizes, including one-person and group exhibitions of contemporary art; and exhibitions that focus on historical figures and ideas, cultural history, design, and architecture.

Our curatorial staff creates exhibitions of varying size and scope in close collaboration with individual artists, guest curators, and external organizations. Because our spaces and assets are so unique, many months -- sometimes years -- of advance planning are required for each exhibition.

Timeline

- **Thursday, March 28, 9am:** Application proposal template becomes available; applications submission portal opens on [Cyber Grants](#)
- **Thursday, April 11, 4:30–5:30pm:** Information session in person at the [Chicago Cultural Center](#), Room 408 (optional)
- **Friday, April 26, 12–1pm:** Information session online (optional) [View Recording](#)
- **Friday, May 17, 5pm:** Application portal closes, submissions no longer accepted
- **Mid- August (estimated):** All applicants notified of final decisions

Public Art Policy regarding Alder Notifications

Starting 6/1/2024, all public art projects will require notification to the Alder from the initial planning stage through to the final outcome. Notifications will be sent through the preferred method agreed upon by the Alders, as determined by the Public Art department.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation

ID#: 23-21

The following information is provided in response to questions posed at our department's hearing on November 8, 2024, to discuss the proposed 2025 budget.

Ald. Hadden asked for more information on how we (DCASE/City) charge film companies for various fees.

DCASE's Chicago Film Office charges studio, network, commercial, and major streaming productions a rate of \$250.00 per day for a film permit. Student films and independent projects without distribution that reach out to our office can qualify for a reduced rate of \$25.00 per day.

Please note that the studio rates were raised from 25.00 per day to their current rates in 2019.

Additional fees for requested City services such as squad cars, off-duty police officers, CFD safety officers, etc. can be found here:

https://www.chicago.gov/city/en/depts/dca/supp_info/rates_for_filming.htm

Additional city services such as electrical operations and engineers are charged on a case by case basis. Please note that all city services and city personnel (other than those hanging No Parking signs) are billed as direct hours to the productions (towing, electricians, police, fire department, etc) and are reimburse directly by the film production companies.

Additional fees are charged for use of City properties like the Cultural Center, Riverwalk, Fire Stations etc—but those are through Right of Entry agreements with 2FM. Sister agencies such as the Chicago Park District, Navy Pier, CTA, etc work directly with the productions and set their own fees.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing
ID#: **23-24**

The following information is provided in response to questions posed at our department's hearing on November 8, 2024, to discuss the proposed 2025 budget.

Ald. Sigcho-Lopez asked us to provide info related to how we enroll CPS students in our art programs.

Currently, our primary engagement with students is not through direct enrollment, but rather through their classroom or organization. Teachers and other educators sign up for guided tours to the Chicago Cultural Center through our website: www.dcasevoluntours.org

Our most popular program is Exhibition Explorations for Elementary and High School students. Free guided exploration of Chicago Cultural Center building architecture and history also include a visit to a current visual art exhibition and the Learning Lab.

Youth are invited to attend programs independently during their out of school time. DCASE programs can be found on [My CHI. My Future](#). No enrollment or registration is required.

DCASE is currently in the process of adding Arts Education to our Cultural Grants & Resources division portfolio. Plans for that scope of the division's work include working with CPS and arts providers serving in school and out of school time programs to better support curriculum and learning, student voice, and positive school environments through arts education. We will have some initial impact to share next year as that work comes online.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 23-25

The following information is provided in response to questions posed at our department's hearing on November 8, 2024, to discuss the proposed 2025 budget.

Ald. Sigcho-Lopez asked us to provide plan for increased slots within elementary schools. Please see our response below:

We do not offer direct programming at Chicago Public Schools (CPS).

At the Chicago Cultural Center, educators express interest in our programs through the Artlook map: www.chicago.artlookmap.com.

We currently have 116 schools who have expressed interest in our programs. We will reach out to the schools to share our upcoming exhibition calendar and information about our Exhibition Exploration and private building tours. Typically, less than 25% result in a visit to the Chicago Cultural Center. The biggest challenge for schools is to secure buses - due to the expense and availability of drivers.

In 2024 we were able to engage with 8 educators through the creation of an Arts Ed Advisory Council. This resulted in identifying 2 schools in residence (Michelle Clark and Pickard) who benefited from artist visits to their classrooms, art materials, and visits to the Chicago Cultural Center. We were also able to leverage our city contract with a bus company to subsidize transportation for 10 field trips.

As always, please let me know if you have any further questions.

Ald. Sigcho-Lopez asked us to provide information related to how many new agencies were funded (for CPS programs) in 2024 and how many are expected in 2025.

Re: Request for Information from Annual Appropriation Committee

ID#: Hearing **23-27**

The following information is provided in response to questions posed at our department's hearing on November 8, 2024 to discuss the proposed 2025 budget.

Ald. Sigcho-Lopez asked us to provide DCASE support/involvement with One Summer Chicago and After School Matters by Ward.

In 2024, the Department of Cultural Affairs and Special Events (DCASE) hosted one (1) youth from the 17th Ward. DCASE continues to support the City of Chicago's One Summer Chicago Program by working with the City's Department of Family and Support Services (DFSS) to annually host youth during the six (6) week program. DEPARTMENT OF CULTURAL AFFAIRS AND SPECIAL EVENTS

MEMORANDUM

To: The Honorable Jason Ervin
Chairman, Committee on the Budget and Government Operations

From: Clinée Hedspeth
Commissioner
Department of Cultural Affairs and Special Events

CC: Kennedy Bartley
Chief External Affairs Officer

Date: November 21, 2024

Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 23-33

The following information is provided in response to questions posed at our department's hearing on 11-8-2024 to discuss the proposed 2025 budget.

Ald. Reilly asked how many days are not rented for special events, open to regular public use at Grant Park.

With the many events at Grant Park throughout the year, at least portions of the park are accessible to the general public everyday. Regarding Grant Park access during the summer event season, daily public access to the park ranges from as high as 99% of the park and never lower than 47% during this timeframe. Grant Park is 312 acres and during the summer event season there are periods of intermittent closures for load-in and load-out and full closures on events days. Even during full closures, several areas of Grant Park remain open throughout including Maggie Daley Park, Cancer Survivors Garden, Pedestrian Walkway to Museum Campus, lakefront and more. Millennium Park also remains open, while it is not in Grant Park's footprint.

As always, please let me know if you have any further questions.
