Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 25-05-Dog Registration

The following information is provided in response to questions posed at our department's hearing on November 9, 2024 to discuss the proposed 2025 budget.

Alderman Daniel La Spata asked if the Clerk's Office has considered ramping up dog-registration operations to increase revenue.

While we have had several conversations on what the future of the City's dog licensing program could look like, we have realized that in order to amend the program in any way we need an upgraded OTC/Sales Application Suite (SAS) which we are working towards in 2025. We won't be able to ramp up our existing dog licensing program or make any meaningful changes until there is an updated system that allows us to integrate with other government agencies that can handle dogs, like Cook County rabies tags or the Chicago Park District and Chicago's Animal Care and Control.
