Re:	Request for Information from Annual Appropriation Committee Hearing
ID#:	51-01

The following information is provided in response to questions posed at our department's hearing on November 12, 2024, to discuss the proposed 2025 budget.

Alderman Dowell asked for any kind of documentations that show monetary value as of saving creating for the city due to creation of OPSA (breakdown by CFD, CPD, OEMC)

Collective expertise from consolidating functions that were operating independently has resulted in over \$18.7M in cost savings. Documentation showcasing these efforts includes new lower pricing reflected in invoices throughout the years. Many of the cost saving measures taken are operational in nature, such as suspending services that are no longer necessary, and that attention to strategy and reflection on public safety needs resulted in cost savings. Examples of collective cost savings since the inception of PSA includes:

- Reducing PSA's budget by 49 vacancies <u>and</u> returning 111 officers to CPD, resulting in <u>\$4M</u> in savings.
- Decommissioning redundant technology services amounting to <u>\$1.5M</u> savings to date.
- Suspending over 800 mobile lines resulting in a <u>\$1.8M</u> savings to date.
- Migrating over 500 leased circuits from a private vendor to public safety fiber infrastructure, resulting in collective savings of <u>\$1.2M</u> to date.
- Savings of <u>\$9M</u> in hardware costs by leveraging CPD phones with CAD vehicle data systems. This innovative mobile data technology approach, which is implemented in over 1,600 public safety vehicles, is modernizing police operations and making Chicago a leader in this space nationally.
- Renegotiating the cost per camera for annual maintenance, resulting in a savings of <u>\$1.2M</u>.

The following information is provided in response to questions posed at our department's hearing on November 12, 2024, to discuss the proposed 2025 Budget.

Alderman Reilly asked for the number of Vacancies PSA carried over from FY23 to FY24.

PSA started FY24 with 104 total Vacancies, 24 of which were new Timekeeper Vacancies as part of our civilianization efforts.

The following information is provided in response to questions posed at our department's hearing on November 12, 2024, to discuss the proposed 2025 Budget.

Alderman Reilly asked how much PSA spends on hiring of Timekeepers.

The recruitment of the CPD Timekeeper position is handled by DHR. PSA does not have a marketing budget or footprint, and salaried employees share the workload for the hiring process. PSA's efforts for Human Resources' functions are not tracked by individual hire and therefore are not able to be captured in terms of a monetary assignment to the hiring.

The following information is provided in response to questions posed at our department's hearing on November 12, 2024, to discuss the proposed 2025 Budget.

Alderman Lee asked how many open vacancies in the Police and Fire Department(s) were you actively recruiting for this year, and how does that compare to the number of vacancies starting for the year.

Entering FY24 CPD had 1,565 vacancies and CFD had 269 vacancies. Going into FY25 CPD has 1,049 total vacancies and CFD has 194 total vacancies.

Specific to civilian hiring, throughout FY24, the PSA HR section has worked with DHR to fill 160 CPD civilian vacancies and 12 CFD civilian vacancies.

The following information is provided in response to questions posed at our department's hearing on November 12, 2024, to discuss the proposed 2025 Budget.

Alderman Lee asked how many times someone has not proceeded with a job at PSA due to long onboarding process.

If an applicant is offered a position within the department but ultimately declines, PSA HR does not capture the reason that the candidate declined and therefore does not have the number of times someone has not proceeded with a position because of the onboarding process. Presumably many elements factor into a decision to accept or decline employment including, but not limited to, other employment opportunities both within the city government or outside, the description of job duties that arose during the interview, starting pay, telework frequency, benefits, work location, etc.

The following information is provided in response to questions posed at our department's hearing on November 12, 2024 to discuss the proposed 2025 budget.

Alderman Lopez asked for the breakdown of grant impact on public safety citywide and by ward.

PSA is responsible for implementing specific projects funded by the following grants:

- **Urban Areas Security Initiative (UASI)** Funds are from the federal Dept. of Homeland Security (DHS) and are used by high-threat, high-density Urban Areas to build, sustain, and deliver the capabilities necessary to prevent, prepare for, protect against, and respond to acts of terrorism.
- **Byrne Justice Assistance Grant (JAG)** is formula funding from the federal Dept. of Justice (DOJ) to support personnel costs and purchase commodities and services to implement criminal justice projects. PSA's portion supports the salary and fringe of a JAG Program Manager.
- A donation from the University of Chicago to purchase and install additional PODs and LPRs around the university to improve POD and LPR coverage surrounding the university's main campus.

Specific projects under these awards are:

Grant	Project	Impacted Ward	
UASI	Camera Infrastructure Sustainment	City-wide	
UASI	Public Safety Interoperable Communications	City-wide	

UASI	CPD CLEAR Sustainment	N/A
UASI	Public Safety Cybersecurity Enhancements	City-wide
JAG	JAG Program Manager salaries and fringe	N/A
UChicago Camera Donation	Purchase and installation of PODs and LPRs	03, 04, 05, and 20

Alderman Hadden asked for the department's 3–5-year Project Management Plan for the civilianization plan and to include metrics and goals.

When PSA was created, the department inherited 152 Officers performing duties that civilians should be doing. Over the last several years, PSA has successfully returned 111 Officers back to CPD. The 41 Officers remaining at PSA will be returned to CPD as soon as the civilian positions take over the work and fill the positions. The civilian titles in our vacancies that directly impact this civilianization effort are:

Electrical Mechanic: 4 total vacancies Project Manager: 1 total vacancy Timekeeper- CPD: 29 total vacancies Property Custodian: 5 total vacancies Investigator: 2 total vacancies Manager of Fleet Services: 2 total vacancies Health Info Specialist: 1 total vacancy Director of Facility Management: 1 total vacancy Manager of Building Services: 1 total vacancy

Alderman Taylor requested several points of information regarding the procurement of cameras.

Please see the document attached for the current procedure.

2024 OVS Camera Request Process

Introduction

- This program will combine the efforts of the Aldermanic and CPD Request programs into one project.
- This will allow us to get better pricing from MSI on the cameras.

Common Words & Phrases

- MSI: Motorola Solutions, Inc
- <u>Clustering</u>: Referring to a group of camera locations within a mile radius.

<u>Intake</u>

- Aldermanic
 Portal
- CPD Action Request
- External Request

Processing

- 1. Sites Listed
- 2. GIS Mapping
- CPD produces High Activity Maps
- 4. Board meets & makes selection.

Outtake & Communications

- Aldermanic
 Portal is Updated
 - When selected, External agency is contacted.

Receiving Requests

- <u>Aldermanic Request:</u> Will come in via their portal.
- <u>CPD Request</u>: Will be submitted via an Action Request to PSA – IT & ServiceNow Requests in the future.
- <u>*External Request*</u>: Maybe submitted directly to the OVS team if needed.

Board Meetings

- Once we have 3+ Members (Quorum), we will start.
- Current Exterior Camera & Upgrade projects
- CPD will provide Priority Areas for the City
- The board will look at the clusters for request and decide if that area is high or low
- Once all requests have been ranked, the board will make selections from the requested cameras for the upcoming phase [Install Queue] and additional selections [Staging Queue] for the following phase.

The following information is provided in response to questions posed at our department's hearing on November 12, 2024, to discuss the proposed 2025 Budget.

Alderman Taylor asked for a breakdown of PSA's Consent Decree Compliance.

PSA is responsible for 18 Consent Decree paragraphs between Human Resources and Information Technology. Of these 18 paragraphs, three (3) are in Full Compliance, 14 are in Primary or Secondary Compliance, and 1 remains in non-compliance, as it requires the completion of a different paragraph before it can be resolved.

The following information is provided in response to questions posed at our department's hearing on November 12, 2024, to discuss the proposed 2025 Budget.

Alderman Vasquez requested the Performance Metrics or Service Level Agreement (SLA) that we hold our video management vendor to.

Please see the below excerpts for the current SLA from the maintenance agreement.

370 of 443

1. SERVICE LEVELS

1.1. GENERAL

Contractor shall perform the Services at or above the levels of performance indicated in this Exhibit C. Schedule C-1 includes (i) the Critical Service Levels and Key Measurements, (ii) associated Minimum Service Levels and Expected Service Levels, and (iii) the SL Allocation assigned to each Critical Service Level.

Critical Service Levels and Key Measurements may be added, deleted or substituted by Chicago and Contractor through the change processes defined below during the Term in order to achieve a fair, accurate and consistent measurement of Contractor's performance of the Services.

1.2. DEFINITIONS

Terms used herein with initial capital letters shall have the respective meanings set below. [Note Availability/Downtime measures may not be applicable]

"At Risk Amount" shall mean, for any month during the Term, 15% of the total recurring maintenance charges payable by Chicago for that month. Statements of Work which do not include a maintenance agreement are not covered by a Service Level agreement and have no penalty risk associated.

"Availability" shall mean the Actual Uptime expressed as a percentage of the Scheduled Uptime for a particular Service (i.e., Availability % = ((Actual Uptime)/(Scheduled Uptime)) x 100). Availability measured on a monthly basis will use the number of seconds in the given month as the Scheduled Uptime. Outages caused by a force majeure event, or scheduled downtime, will be subtracted from the Scheduled Uptime value to create the Actual Uptime Value. Availability is monitored continually 24x7.

"Camera Viewing Availability" shall be a report run twice a day at 12 hour intervals. The Genetec camera availability reports function will be used to provide the report. The reports will be averaged over the month to determine the percentage of Camera Viewing Availability for that month."

"Chicago" shall mean the Chicago Office of Emergency Management and Communications or any City of Chicago Department.

"Contractor" shall mean Motorola Solutions, Inc.

"Critical Service Levels" shall mean those areas of service level measurement performed (except as may be otherwise provide herein) on a monthly basis for which a

CC:	Kennedy Bartley, Chief External Affairs Officer Mayor's Office
Date:	November 21, 2024
Re:	Request for Information from Annual Appropriation Committee Hearing
ID#:	51-17

The following information is provided in response to questions posed at our department's hearing on November 12, 2024, to discuss the proposed 2025 Budget.

Alderman Mitts asked for the capacity of the Community Room at the Bauer Plummer Public Safety Training Center Community Room, located at 701 North Kilbourn Avenue, Chicago, Illinois 60624.

The Community Room's Capacity is 30 persons based on the State Fire Marshal.

Re:	Request for Information from Annual Appropriation Committee Hearing
ID#:	51-18

The following information is provided in response to questions posed at our department's hearing on November 12, 2024, to discuss the proposed 2025 budget.

Alderman Vasquez asked if the Office of Public Safety Administration is doing any work that other departments are already doing.

The work performed by OPSA is not duplicative of any other existing department. OPSA aggregates and consolidates responses and information on behalf of the public safety departments (OPSA, CPD, CFD and OEMC) and performs the majority of the administrative duties for those departments. Prior to the creation of OPSA, this work was housed in each of the departments but is now consolidated in OPSA.

The following information is provided in response to questions posed at our department's hearing on November 12, 2024, to discuss the proposed 2025 Budget.

Alderman Vasquez asked how Telligen is involved in the CPD therapy process and if there are restrictions to officer wellness.

Employee Assistance Program (EAP) is free to CPD members and their family. Due to the level of stress, trauma, etc. that CPD members and their family may experience, there is no limit/restrictions to the number of times anyone can be seen.

If a member seeks a private provider, the limit is ten (10) sessions for a private provider and a copay applies. After that limit there must be recertification for additional sessions/services. This requires a report and justification to be submitted to the insurance company by the private provider. Issues such as family and or marital counseling is not covered. For drug and alcohol usage issues coverage is similar but in-patient programs for rehabilitation requires different documentation.

The following information is provided in response to questions posed at our department's hearing on November 12, 2024, to discuss the proposed 2025 budget.

Alderman Vasquez asked for an estimate of what departments (users) will spend on language access. In addition, please note where this can be seen in the budget.

PSA does not budget for other department's language access expenditures so cannot answer where the funding for the other departments is located but for public safety departments the funding in the budget recommendations is located in the CPD and OEMC budgets:

CPD: Fund 100- Contractual Services Appropriation 0140 OEMC: Fund 353 – Contractual Services Appropriation 0140

PSA estimates that FY25 usage will be aligned with previous use trends. For **Language Line (PO 36561)**, here's the <u>2023</u> usage data provided by our vendor:

Remote (phone/app) interpretation: 911/311 centers & ARS line: 97,079 calls CDPH: 4,062 calls Domestic hotline: 2,414 calls DFSS: 2,360 calls Administrative Hearings: 2,178 calls CPD: 1,902 calls

The following information is provided in response to questions posed at our department's hearing on November 12, 2024, to discuss the proposed 2025 Budget.

Chairman Ervin asked for a narrative on what UASI is and what anticipated programs it will be spent on for FY25.

The Urban Areas Security Initiative (UASI) Grant Program assists high-threat, high-density Urban Areas to build, sustain, and deliver the capabilities necessary to prevent, prepare for, protect against, and respond to acts of terrorism. Funds are also directed towards "Building a national culture of preparedness and protecting against terrorism and other threats to our national security." Announced annually by the Federal Emergency Management Agency (FEMA), funds are coursed through the State, with a portion allocated to Cook County. For the City of Chicago, UASI Funds are utilized by PSA, CFD, CPD, OEMC, and DTI on projects approved by FEMA.

In 2025, PSA will use UASI Funds to implement the following initiatives: Equipment upgrades to public safety interoperable communications infrastructure for security, encryption, user management capabilities; camera infrastructure backhaul equipment to improve data management, connectivity, and cybersecurity resilience; cybersecurity and information technology equipment and software license renewals; application development services and hardware upgrades for CPD's CLEARNET System; and Homeland Security Grant Management responsibilities.

The following information is provided in response to questions posed at our department's hearing on November 12, 2024, to discuss the proposed 2025 Budget.

Alderman Hoppenworth asked for the overtime analysis since 2020, for CPD, CFD and OEMC. Please provide long-term strategy to decrease costs of these departments.

Since inception, the Office of Public Safety Administration (PSA) has been tasked with reducing costs, finding efficiencies and improving administrative functions across the City of Chicago's (CoC) Public Safety Departments. PSA is approaching overtime control by improving several administrative measures, such as expediting the hiring process, improving upon the Special Events reimbursement process to accurately reflect the total amount of overtime incurred to offset the budgeted amount, creating a unified Public Safety Medical Section, which will eventually also envelop the OEMC, and seeking grant funding to support mental wellness for first responders. By placing additional emphasis on sustaining a healthier workforce, PSA aims to see individuals able to return to work quicker, which would in turn reduce overtime being incurred by the individuals covering the workload. There is no overtime report published by PSA, but PSA works closely with OBM and each of the public safety departments on overtime projections and justifications.
