## MEMORANDUM

**To:** The Honorable Jason Ervin  
Chairman, Committee on the Budget and Government Operations

**From:** Ivan Capifali (*i.e.*)  
Acting Commissioner  
Department of Business Affairs and Consumer Protection (BACP)

**CC:** Kennedy Bartley  
Chief External Affairs Officer  
Mayor’s Office of Intergovernmental Affairs

**Date:** November 20, 2024

**Re:** Request for Information from Annual Appropriation Committee Hearing

ID#: 070-01

The following information is provided in response to questions posed at our department hearing on November 8, 2024, to discuss the proposed 2025 budget.

Alderwoman Dowell asked for details about the grants and loans related to the Good Food Fund.

BACP administers the Good Food Fund grants through the American Rescue Plan Act (ARPA). The loans are not BACP or City of Chicago-funded. Allies for Community Business (A4CB), in partnership with Greenwood Archer Capital, provides low-interest loans to businesses across the food ecosystem as part of the delegate agency agreement.

Below are the list of businesses that received grant awards or loans though the Good Food Fund.

### Good Food Fund Grants

Sl. No.	Business Name	Address	Zip Code	Ward	Grant Award Amount
1	2624 south central park corporation	2624 s Central Park Ave	60623	22	\$85,000

The following information is provided in response to questions posed at our department's hearing on November 8, 2024, to discuss the proposed 2025 budget.

Alderman Dowell asked for fines citywide for collection bins in 2023 and 2024. Additionally, the number of collection bin permits and locations by ward.

No fines were imposed for collection bin violations in 2023, nor have any been imposed in 2024.

See next page for chart of permitted bins by ward.

DEPARTMENT OF BUSINESS AFFAIRS AND CONSUMER PROTECTION

## MEMORANDUM

**To:** The Honorable Jason Ervin  
Chairman, Committee on the Budget and Government Operations

**From:** Ivan Capifali (*i.c.*)  
Acting Commissioner  
Department of Business Affairs and Consumer Protection (BACP)

**CC:** Kennedy Bartley  
Chief External Affairs Officer  
Mayor's Office of Intergovernmental Affairs

**Date:** December 2, 2024

**Re:** Request for Information from Annual Appropriation Committee Hearing

ID#: 070-04

---

The following information is provided in response to questions posed at our department's hearing on November 8, 2024, to discuss the proposed 2025 budget.

Alderwoman Hadden requested a spending plan for 2025 ARPA funds.

BACP's 2025 ARPA funds are allocated to the Small Business Support Program. This program consists of three key initiatives: Small Business & Nonprofit Grants, Nonprofit Capacity Building, and Small Business Capacity Building. These initiatives are described in greater detail below.

### **Small Business & Nonprofit Grants**

#### **Program Overview:**

The Small Business & Nonprofit Grant Program will address the needs of small businesses and nonprofits that are in need of assistance to navigate the evolving economic landscape and facilitate their recovery efforts. The program will address the acute financial strains faced by these impacted establishments and organizations recovering from the pandemic.

#### **Program Time Frame:**

October 2024 - December 31, 2025

Program Status: Grantee (Grants Administrator) Selected after RFP process, in contracting phase

### **Program Design**

- Award Size: \$21.5M
- Award Recipients: TBD
- Target Beneficiaries: Small Business and Not-For-Profits located in Chicago

### **Key Metrics:**

- Demographics – TBD
- Geographic Footprint – City-wide

## **Nonprofit Capacity Building**

### **Program Overview:**

During the pandemic, nonprofit organizations across Chicago saw a significant increase in the demand for their services without a comparable increase in their financial and operational capacity to meet that demand. Nonprofits operating in Qualified Census Tracts were disproportionately impacted, with many seeing decreased revenue and/or increased costs.

To ensure a strong recovery for nonprofit organizations, BACP has designed the Nonprofit Capacity Program, an approximately \$3.5 million investment into Chicago's nonprofit ecosystem by providing highly customized coaching and technical assistance to select organizations disproportionately impacted by the COVID-19 pandemic.

**Program Time Frame:** January 2025 – December 31, 2026

**Program Status:** Grantee (Program Administrator) Selected after RFP process, in contracting phase

### **Program Design:**

- Award Size: \$3.5M
- Award Recipients: TBD
- Deliverables: TBD

### **Key Metrics:**

- Demographics
  - Target Nonprofit Sectors: Youth Employment, Violence Intervention, Mental Health Services, Business Service Organizations, Agencies who serve vulnerable populations etc.
- Geographic Footprint – City-wide

## **Small Business Capacity Building**

### **Program Overview:**

Capacity building is important for small businesses in Chicago as they continue to recover from the impacts of the COVID-19 pandemic. During the onset of the pandemic, many businesses did not have the infrastructure in place to quickly pivot to alternative methods of selling their goods or services. These initiatives are critical for rebuilding operational resilience and adapting to changing regulations and consumer behaviors. Back-office support provides entrepreneurs with the ability to strengthen their business practices and concentrate on their primary objectives.

To ensure a strong recovery for small businesses, BACP has designed the Small Business Capacity Building Program, an approximately \$3.5 million investment into Chicago's small business ecosystem by providing highly customized coaching and technical assistance to select organizations disproportionately impacted by the COVID-19 pandemic.

**Program Time Frame:** January 2025 – December 31, 2026

**Program Status:** RFP Closed on October 15<sup>th</sup>, RFP responses under review

### **Program Design:**

- Award Size: \$3.5M
- Award Recipients: TBD
- Deliverables: TBD

**Key Metrics:**

- Demographics
  - TBD
- Geographic Footprint – City-wide

As always, please let me know if you have any further questions.

---

The following information is provided in response to questions posed at our department's hearing on November 8, 2024, to discuss the proposed 2025 budget.

Alderman Hadden requested what a permitting process would look like for hemp-derived products.

BACP agrees that the state should assert uniform regulatory control over hemp/delta 8/cannabinoid products. These products are not regulated by the 2018 Farm Bill which regulates lawful cannabis. These products vary in psychoactive ingredients and while some are derived from the Hemp plant, others are synthetically created in labs. BACP explored regulation of these products in partnership with Alderman Brian Hopkins and supports implementing an age restriction, similar to restrictions for the purchase of tobacco and alcohol, for purchase of them.

Implementing an additional tax on these products has also been suggested. However, these options should be explored in partnership with the Mayor's Policy team, Chicago Department of Public Health, Office of Budget and Management, and other City departments.

Illinois' regulatory landscape for hemp-derived products is evolving in response to growing concerns over safety and product clarity. Proposed legislation seeks to tighten oversight by introducing stricter licensing, labeling, and age restrictions, addressing the potential risks of synthetic production and underage consumption. These reforms aim to balance consumer protection with industry growth, positioning Illinois as a leader in responsible hemp regulation while ensuring public health and safety. We are in agreement that this is a positive direction for

the City and will need time to bring together the necessary stakeholders and to gather the necessary data to formulate a path forward.

As always, please let me know if you have any further questions.

**Re:** Request for Information from Annual Appropriation Committee Hearing

**ID#:** 070-07

---

The following information is provided in response to questions posed at our department's hearing on November 8, 2024 to discuss the proposed 2025 budget.

Alderman Lawson requested to know what BACP fines and fees look like, an overview of the licensing process, and how business compliance is audited.

### [Overview of the Licensing Process](#)

The business licensing process consists of a series of steps by which the City ensures that the applicant meets the requirements to receive a City of Chicago business license. While the process can vary based on license type given varying Code requirements and application types, the general license issuance process is as follows:

- Submission of initial license application outlining the business activities to be pursued as well as business entity identifying information
- Determination of license type(s) and zoning approval
- Submission of full license application based on license type(s)
- License payment
- License inspections / approvals
- License issuance

### [Business Compliance](#)

The business compliance enforcement bureau receives requests via 3-1-1, internally within BACP's licensing bureaus, and in collaboration with other City departments and agencies. Investigations

are done either for violation or active compliance, which is a form of licensing requirement education for business owners.

### Fees and Fines

BACP's fees and fines are listed below.

<b>FEES</b>			
<b>User Fee Name</b>	<b>Current Rate</b>	<b>MCC</b>	<b>Last MCC Change</b>

**Date:** November 25, 2024

**Re:** Request for Information from Annual Appropriation Committee Hearing

ID#: 070-11

---

The following information is provided in response to questions posed at our department's hearing on November 8, 2024, to discuss the proposed 2025 budget.

Alderman Vasquez requested to know how hemp drink products could be licensed.

These products are not regulated by the 2018 Farm Bill which regulates lawful cannabis. These products vary in psychoactive ingredients and while some are derived from the Hemp plant, others are synthetically created in labs. BACP explored regulation of these products in partnership with Alderman Brian Hopkins and others, and supports implementing an age restriction, similar to restrictions for the purchase of tobacco and alcohol, for purchase of them.

Implementing an additional tax on these products has also been suggested. These options should be further explored in partnership with the Mayor's Policy team, Chicago Department of Public Health, Office of Budget and Management, and other City departments.

Illinois' regulatory landscape for hemp-derived products is evolving in response to growing concerns over safety and product clarity. Proposed legislation seeks to tighten oversight by introducing stricter licensing, labeling, and age restrictions, addressing the potential risks of synthetic production and underage consumption. These reforms aim to balance consumer protection with industry growth, positioning Illinois as a leader in responsible hemp regulation while ensuring public health and safety. We are in agreement that this is a positive direction for the City and will need time to bring together the necessary stakeholders and to gather the necessary data to formulate a path forward.

BACP will participate in the research and development of licensing these products at the direction of the Council, Mayor's Office Policy Team, Chicago Department of Public Health, and other partner Departments.

As always, please let me know if you have any further questions.

## MEMORANDUM

**To:** The Honorable Jason Ervin  
Chairman, Committee on the Budget and Government Operations

**From:** Ivan Capifali (*g.c.*)  
Acting Commissioner  
Department of Business Affairs and Consumer Protection (BACP)

**CC:** Kennedy Bartley  
Chief External Affairs Officer, Mayor's Office

**Date:** November 20, 2024

**Re:** Request for Information from Annual Appropriation Committee Hearing

ID#: 070-16

The following information is provided in response to questions posed at our department's hearing on November 8, 2024, to discuss the proposed 2025 budget.

Alderman Reilly requested information about BACP's last valet audit and results of a current audit of valet licenses for parking contracts.

Valet parking agreements are audited on an annual basis upon license application/license renewal. The last full audit was therefore completed upon the beginning of the 2024 – 2025 valet license season (July 1, 2024). All new license applications and all license renewal applications for Valet licenses undergo a review of parking contracts during the licensing process, which BACP uses as its regular audit of the licensees. BACP specifically collects a lease agreement when processing license applications or annual renewals of existing licenses.

Parking agreements are always part of an investigation involving valet licensees, so these agreements are also being checked when enforcement is initiated.

As always, please let me know if you have any further questions.
