

**MINUTES OF THE MEETING
COMMISSION ON CHICAGO LANDMARKS
JULY 12, 2012**

The Commission on Chicago Landmarks held a regular meeting on July 12, 2012. The meeting was held at City Hall, 121 N. LaSalle St., City Hall Room 201-A, Chicago, Illinois. The meeting began at 12:50 p.m.

PHYSICALLY PRESENT:

Rafael Leon, Chairman
John Baird, Secretary
James Houlihan
Tony Hu
Andrew Mooney, Commissioner of the Department of Housing and Economic
Development
Ernest Wong

ABSENT:

Anita Blanchard
Christopher Reed
Mary Ann Smith

ALSO PHYSICALLY PRESENT:

Eleanor Gorski, Assistant Commissioner, Department of Housing and Economic
Development, Historic Preservation Division
Arthur Dolinsky, Department of Law, Real Estate Division
Members of the Public (The list of those in attendance is on file at the
Commission office.)

A tape recording of this meeting is on file at the Department of Housing and Economic Development, Historic Preservation Division offices and is part of the permanent public record of the regular meeting of the Commission on Chicago Landmarks.

Chairman Rafael Leon called the meeting to order.

1. Approval of the Minutes of the June 7, 2012, Regular Meeting

Motioned by Wong, seconded by Mooney. Approved unanimously. (6-0)

2. Report from the Department of Housing and Economic Development

**MARTIN SCHNITZIUS COTTAGE
1925 N. Fremont Street**

WARD 43

Resolution to accept the report from the Department of Housing and Economic Development and to request the consent of the property owner to the proposed designation.

Motioned by Baird, seconded by Wong. Approved unanimously. (6-0)

3. **Class L Property Tax Incentive – Final Certification**

**HOLDEN BLOCK
1027 W. Madison Street**

WARD 2

Resolution to notify the Cook County Assessor of the final approval of the Class L Property Tax Incentive for the HOLDEN BLOCK.

Motioned by Wong, seconded by Baird. Approved unanimously (6-0).

4. **Permit Review Committee Report**

Ernie Wong, Chariman of the Permit Review Committee, presented the report from the Permit Review Committee meetings of June 7, 2012 (see attached).

5. **Other Business**

Report on Permit Decisions for the Month of June 2012

Dijana Cuvalo presented the report of the staff to the Commission (see attached).

6. **Adjournment**

There being no further business, the meeting was adjourned at 1:00 p.m.

Motioned by Baird, seconded by Wong. Approved unanimously. (6-0)

John Baird, Secretary

PERMIT REVIEW COMMITTEE REPORT TO
COMMISSION ON CHICAGO LANDMARKS
July 12, 2012

The Permit Review Committee (PRC) met on June 7, 2012, at 1:50 p.m. The meeting was held at 121 N. LaSalle, Room 201-A.

Present: Ernest Wong (Chair)
John Baird
Mary Ann Smith

Staff: Eleanor Gorski, Assistant Commissioner, Historic Preservation Division, Bureau of
Planning and Zoning, Department of Housing and Economic Development
Dijana Cuvalo
Cindy Roubik
Beth Johnson
Larry Shure

The following project was reviewed by the PRC:

1. **2121 W. Walton**
(Ukrainian Village District – 32nd Ward)

Proposal: Proposed rehabilitation of a single family residence including construction of one new dormer on the east roof, extension of one existing dormer on the west roof, changing existing windows openings on secondary elevations, including installation of French doors and a Juliet balcony on the east, and construction of a 1-story rear addition.

Action: Approved unanimously with the following conditions:

1. As proposed, dormer siding shall be horizontal wood siding to match the size, type and profile of historic wood siding typically found in the district. Details of the proposed siding shall be reviewed and approved by Historic Preservation staff as part of the permit application;
2. New windows visible from the public right-of-way shall be wood or clad-wood windows, and shall retain or replicate any existing brick molds. Should no brick molds remain on the existing windows the applicant shall propose a brick mold typical for this type of building. Details of the proposed windows and brickmold shall be reviewed and approved by Historic Preservation staff as part of the permit application; and,
3. Any future stairs and landing on the east elevation shall be as minimal as possible and descend toward the rear of the property.

2. **2018 W. Walton**
(Ukrainian Village District Extension – 32nd Ward)

Proposal: Revised design of a previously reviewed project for a new 2-1/2 story masonry single-family home on a vacant mid-block lot: increased stoop height, increased size of basement windows, west-facing dormer relocated further from front façade, and new east-facing dormer.

Action: Approved unanimously with the following conditions:

1. The proposed west- and east-facing wall dormers are approved as proposed with a set back from the front façade by 20', a slope of 4:12 for the shed roofs of the dormers, and with the top of the dormers 3'-2" below the top of the main roof. The fiber cement siding for the sides of the new dormers shall have a 4" lap with a smooth finish and shall be painted to match the color of the brick on the side facades or to match the color of the roofing;
2. The proposed face brick for the front façade (Yankee Hill, Old Fort, standard modular-sized) is not compatible and a new brick to be more uniform in red color, consistent with the front facades of the adjacent historic cottages, shall be submitted to Historic Preservation staff for review and approval. The brick for the sides and rear facades (Boral, Arlington Antique, standard modular-sized) is approved as submitted. Mortar samples, in colors to match the bricks, shall be submitted to Historic Preservation staff review and approval prior to order and installation; and,
3. The front stair, proposed to be 6'-7"-tall and constructed of concrete with limestone treads and risers shall be modified to a painted metal stair with closed risers and trellis on the sides.

The Committee approved the proposed side yard reductions, as depicted on the site plan, as necessary to meet the predominant house widths contributing to the district's character, pursuant to Title 17, Sec. 13-1003-G of the Chicago Zoning Ordinance.

3. **4940 S. Woodlawn**
(Kenwood District – 4th Ward)

Proposal: Proposed relocation of the existing curb cut and driveway from the north side of the property to the south side of the property and alterations to the historic fence and balustrade.

Action: Approved unanimously with the following conditions:

1. The width of the new driveway, proposed to be 10'-0" wide shall be reduced to 8'-11" wide from the historic fence to the curb cut to align with the new fence opening;
2. Details of the contractor's means and methods for dismantling, storing, and reconstructing the portion of the historic fence and gate as well as the curved balustrade shall be submitted with the permit plans; and,

3. The owner shall apply for any required permits from the Chicago Department of Transportation (CDOT) and address any landscape issues with the Bureau of Forestry regarding the proposed curb cut.

4. **1729 N. St. Michaels Court**
(Old Town Triangle District – 43rd Ward)

Proposal: Proposed third-floor addition atop a two-story masonry non-contributing single-family residence and other alterations.

Action: The Committee unanimously found that:

- (A) The subject building at 1729 N. St. Michaels Court, a two-story masonry structure constructed sometime after 1950, in non-contributing to the character of the Old Town Triangle District;
- (B) The project meets the Commission's *Guidelines For Alterations to Historic Buildings and New Construction* and, therefore, will not have an adverse effect on the significant historical and architectural features of the landmark district and conditionally approved the project, subject to these conditions and Historic Preservation staff review and approval:
 1. As shown on submitted drawings by ASW Design PC, wood siding shall be installed on the west (front) elevation and fiber-cement siding on the remaining elevations. The fiber-cement siding shall have a smooth finish, and the lap exposure shall match the typical lap exposure of wood siding. Details of the proposed siding shall be reviewed and approved by Historic Preservation staff as part of the permit application;
 2. Front entry door details and cornice details shall be included on the permit plans; and,
 3. The project as proposed would require a zoning adjustment and/or variation, and the Commission takes no position regarding any requested adjustment/variance relative to the zoning code requirements.

5. **2413-17 N. Orchard**
(Mid-North District – 43rd Ward)

Proposal: Proposed rehabilitation of two 2 ½-story buildings including new front porches, garage additions, and other exterior and interior alterations.

Action: Approved unanimously with the following conditions:

1. As proposed, window and door openings on the front façades of 2413 and 2417 N. Orchard shall match historic sizes and locations based on physical evidence on the siding and interior framing. Existing and proposed elevations showing dimensions of historic openings sizes shall be included on the permit plans;

2. Considering the extent of deterioration of the historic wood siding, the siding may be removed as proposed. New wood siding matching the existing wood siding in size, profile, lap and texture shall be installed on the front facades of both buildings and on the north elevation of 2417 N. Orchard. Fiber-cement siding may be used as a substitute cladding material on all other side and rear elevations. The fiber-cement siding shall have a smooth finish and otherwise match the existing wood siding in size, profile, and lap. Removal and replacement of siding shall occur in phases, elevation by elevation. Details and material samples of the existing and proposed siding shall be reviewed and approved by Historic Preservation staff as part of the permit application;
3. A test sample of masonry paint removal and a sample of replacement masonry, should it be required, shall be reviewed and approved by Historic Preservation staff prior to start of work;
4. The following shall be submitted with permit plans:
 - a. Front entry door details
 - b. Window details
 - c. Porch details
 - d. Exterior trim details at windows, doors, brackets, etc.,
 - e. Garage door details; and,
5. The project as proposed would require zoning adjustments and/or variation, and the Commission takes no position regarding any requested adjustment/variance relative to the zoning code requirements.
