

**MINUTES OF THE MEETING
COMMISSION ON CHICAGO LANDMARKS
OCTOBER 4, 2012**

The Commission on Chicago Landmarks held a regular meeting on October 4, 2012. The meeting was held at City Hall, 121 N. LaSalle St., City Hall Room 201-A, Chicago, Illinois. The meeting began at 12:50 p.m.

PHYSICALLY PRESENT:

Rafael Leon, Chairman
John Baird, Secretary
Tony Hu
James Houlihan (arrived after item 1)
Ernest Wong
Anita Blanchard
Christopher Reed
Mary Ann Smith
Andrew Mooney, Commissioner of the Department of Housing and
Economic Development

ALSO PHYSICALLY PRESENT:

Eleanor Gorski, Assistant Commissioner, Department of Housing and
Economic Development, Historic Preservation Division
Arthur Dolinsky, Department of Law, Real Estate Division
Members of the Public (The list of those in attendance is on file at the
Commission office.)

A tape recording of this meeting is on file at the Department of Housing and Economic Development, Historic Preservation Division offices and is part of the permanent public record of the regular meeting of the Commission on Chicago Landmarks.

Chairman Leon called the meeting to order.

1. Approval of the Minutes of the September 6, 2012, Regular Meeting

Motioned by Smith, seconded by Wong. Approved unanimously. (8-0)

Commission member Jim Houlihan arrived.

2. Final Landmark Recommendation to City Council

**MARTIN SCHNITZIUS COTTAGE
WARD 43
1925 N. Fremont Street**

Resolution to adopt the Final Landmark Recommendation to City Council that the **MARTIN SCHNITZIUS COTTAGE** be designated as a Chicago Landmark. Alderman Michelle Smith, (43rd Ward), within whose ward the building is located, expressed support for the designation. Michael Spock on behalf of the Barbara Spock Trust, the property owner, also expressed support for the landmark designation.

Motioned by Smith, seconded by Reed. Approved unanimously. (9-0)

3. **Class L Property Tax Incentive – Final Certification**

**BRYAN LATHROP HOUSE
WARD 42
120 Bellevue Pl.**

Resolution to notify the Cook County Assessor of the final approval of the Class L Property Tax Incentive for the BRYAN LATHROP HOUSE.

Motioned by Wong, seconded by Reed. Approved unanimously. (9-0)

4. **Permit Review Committee Report**

Ernest Wong, Chair of the Permit Review Committee, presented the report from the Permit Review Committee meeting of September 6, 2012 (see attached).

5. **Other Business**

Eleanor Gorski reported on the status of the Augustus Warner House designation.

6. **Announcements**

Program Committee Meeting for Suggestions Received from the Public for Possible Chicago Landmark Designation

ANNOUNCED: The Program Committee will meet on Tuesday, October 30, in the Historic Preservation Office, 33 N. LaSalle St., Room 1600, to hear suggestions from the public for possible Chicago Landmark designations. The meeting time will be posted as part of the meeting notice. Please note that suggestions must be submitted to the Commission on the suggestion form by Friday, October 12th, to be considered at the meeting. The form is available online and from the Historic Preservation office.

7. **Adjournment**

There being no further business, the meeting was adjourned at 1:10 p.m.

Motioned by Jim Houlihan, seconded by Leon. Approved unanimously. (9-0)

John Baird, Secretary

PERMIT REVIEW COMMITTEE REPORT TO
COMMISSION ON CHICAGO LANDMARKS

November 1, 2012

The Permit Review Committee (PRC) met on October 4, 2012, at 1:20 p.m. The meeting was held at 121 N. LaSalle, Room 201-A.

Present: Ernest Wong, Chair
John Baird
James Houlihan (left at 2:20 p.m.)
Tony Hu
Mary Ann Smith

Staff: Eleanor Gorski, Assistant Commissioner, Historic Preservation Division, Bureau of Planning and Zoning, Department of Housing and Economic Development
Dijana Cuvalo
Cindy Roubik
Larry Shure

The following projects were reviewed by the PRC:

1. **1060 W. Addison**
(Wrigley Field – 44th Ward)

Proposal: Proposed relocation of the existing brick wall behind home plate, installation of new seats, and construction of two high voltage electrical vaults within the existing steel trusses at the roof level over the grandstand seats.

Action: Approved 4-1 (Commissioner Smith against) with the following conditions:

1. As proposed, brick and the stone cap will be salvaged from the existing wall and used to reconstruct the new wall behind home plate. The masonry joint widths, mortar color, and profiles shall match the existing wall;
2. The concrete cap portion of the removable wall section, meant to match the limestone courses of the existing wall, shall incorporate scored joints and shall have an integral color with a smooth finish to match the color, joint pattern, color, texture, and finish of the limestone of the existing wall. Historic Preservation staff may request a color sample of the concrete for its review and approval;

3. The electrical vault cladding and wall arch infill shall match the color, texture and details of the historic metal panels below, subject to Historic Preservation staff review and approval;
4. The four proposed ventilation grills shall be painted to match the adjacent materials; and,
5. The roof decks and railings atop the electrical vaults are approved as proposed. These rooftop areas shall not be considered a precedent for additional rooftop veranda proposals, which must also address visibility and preservation of the roof profile and structure.

2. **520 N. Michigan**
(McGraw-Hill Building – 42nd Ward)

Proposal: Proposed relocation of four Gwen Lux panels displayed in the Grand Avenue Atrium to the Rush Street enclosed bridge.

Action: Approved unanimously with the following condition:

Informational/interpretative plaques about the panels shall be designed and installed by the owner with the panels in their new location by the end of 2012 and the design and mounting locations of the plaques shall be reviewed and approved by the Historic Preservation staff prior to their order and installation.

3. **77 S. Dearborn**
(Inland Steel Building – 42nd Ward)

Proposal: Proposed build-out within the ground-floor commercial space for café use including two new sets of exterior doors, two new louvers, and new signs.

Action: Approved unanimously with the following conditions:

1. The new mullions and doors shall be stainless steel to match the existing mullion system and should match the existing shape, size, and dimensions as much as possible. Existing and proposed mullion and door details shall be included in the permit plans. Any new glass shall match the existing glass in color and appearance. Samples to be reviewed and approved by Historic Preservation staff prior to order and installation;
2. The two new louvers, required to meet ventilation code and located on the east façade, should be architectural louvers with narrow lines finished in stainless steel or factory painted with a grey color. Product specification shall be reviewed and approved as part of the permit application;

3. The proposed interior build-out, incorporating a new “box” of partial height partitions to shield a commercial kitchen, is approved in general size and location as submitted with the interior partitions set back from the exterior storefronts and with the new ceiling, which spans only portions of the box, at 3’-1” below the original luminous ceiling; and,
4. The new signs, proposed to be set back from the inside face of the glass, shall be clad in metal faces with lit letters and logo. Attachment details shall be included with the permit plans and all conduit and transformer boxes shall be concealed.

4. **330 N. Wabash**
(IBM Building – 42nd Ward)

Proposal: Proposed installation of a partial-height self-supporting clear glass dividing partition in the north elevator lobby.

Action: Approved unanimously as submitted.

5. **1732 N. Hudson**
(Old Town Triangle District – 43rd Ward)

Proposal: Proposed conversion of the existing 3-unit residential building into a 2-unit residential building including a rear addition and exterior and interior alterations.

Action: Approved unanimously with the following conditions:

1. The plans shall be revised to retain the east (front) wall of the historic side bay in its current configuration. The west wall of the bay may be removed and the bay extended to the rear to accommodate the proposed interior stair;
2. Report and drawings by a licensed structural engineer addressing how the exterior walls and roof should be supported, braced and protected, in-situ, during the demolition of the interior structure and the excavation and construction of the new addition, shall be included on the permit plans. The report should include recommended measures and sequencing plan;
3. As proposed, non-historic siding shall be removed from all elevations of the existing building. Upon removal of the non-historic siding, Historic Preservation staff shall review the condition of the historic wood siding. Historic siding shall be retained and be repaired, wherever possible. Areas beyond repair may be replaced with new wood siding to match the historic siding in size and profile. Removal and replacement of siding shall occur in phases, elevation by elevation. Details of the existing and proposed siding shall be reviewed and

approved by Historic Preservation staff as part of the permit application;

4. Window and door openings on the east (front) façade shall match historic sizes and locations based on any physical evidence uncovered after the removal of non-historic siding. Door details shall be included on the permit plans;
5. Details of new trim and window surrounds shall be based on any physical evidence that may be uncovered after the removal of non-historic siding. Should no evidence be found, the design of these elements may be based on similar historic properties in the district, as proposed. Details of the trim and window surrounds shall be included on the permit plans;
6. As proposed, the existing 1st floor masonry shall be repointed and cleaned and the masonry for the rear addition shall match the existing in size, color, and finish. Pointing mortar shall match original in type, color and joint profile. Masonry cleaning specifications and sample of new brick shall be reviewed prior to permit approval;
7. As proposed, existing windows shall be replaced with new double-hung clad-wood windows. Details of the existing and proposed windows shall be included with the permit plans; and,
8. The project as proposed would require a zoning adjustment and/or variation, and the Commission takes no position regarding any requested adjustment/variance relative to the zoning code requirements.

6. **3211 S. Calumet**
(Calumet-Giles-Prairie District – 2nd Ward)

Proposal: Proposed new construction of a 2½-story masonry single-family residence and detached garage with a roof deck.

Action: Approved unanimously with the following conditions:

1. The proposed standard-sized face brick, “Medium Ironspot 46 Smooth” by Endicott Clay Products shall be installed on the front façade and 10’ wrap on the north and south elevations of the main building. This same brick shall be installed on the east (S. King Drive) elevation of the garage with a 3’ wrap on the north and south elevations. The proposed utility-sized brick, “Plum Colored Iron Spot,” by Sioux City Brick and Tile is approved for the remaining elevations of the main building and the garage. The mortar color of the face brick shall be a color similar to the brick and shall be subject to staff review and approval;
2. The east (S. King Drive) elevation of the garage shall be modified to incorporate architectural detailing to break up the large expanse of the flat brick wall and the garage door shall be a paneled design. Revised

elevations and details shall be submitted with the permit application;
and,

3. The proposed concrete stairs shall be integrally colored to match the proposed limestone. Enlarged details of the proposed stair railing shall be submitted with the permit application.

7. **2946 W. Armitage**
(Logan Square Boulevards District – 35th Ward)

Proposal: Proposed 1-story additions to existing non-contributing 1-story commercial building and elimination of existing curb-cut.

Action: The Committee voted a tie, 2-2 (Commissioners Smith and Wong against). The project was not approved.

8. **1958 W. North**
(Milwaukee Avenue District – 32nd Ward)

Proposal: Installation of 20'-long x 15'-tall sign on the North Avenue façade at the third-floor of an existing 3-story corner building.

Action: The Committee unanimously adopted the following findings and preliminarily disapproved the application:

- A) Find that, pursuant to the Milwaukee Avenue Designation Ordinance designating the Milwaukee Avenue District a Chicago Landmark on April 9, 2008, the significant historical and architectural features of the district are identified as all exterior elevations, including rooflines, visible from the public rights-of-way; and,
- B) Pursuant to Section 2-120-780 of the Landmarks Ordinance, preliminarily find that the proposed sign would not meet the Commission's guidelines, standards, and criteria because the sign would adversely effect, obscure, and damage significant historical and architectural features of the building and the district.

As Mr. Cho indicated at the meeting, he will be withdrawing the permit application and will look at other signage options with Cindy Roubik of our staff. The withdrawal of the permit application needs to occur immediately. Otherwise, pursuant to Section 2-120-790 of the Municipal Code of Chicago, within ten days of receiving notice of preliminary disapproval the applicant may request in writing an informal conference to further discuss and reach an accord regarding the application. If the Commission does not timely receive a written request to hold an informal conference, a public hearing on the sign application must be held and concluded within 90 days after the Commission has preliminarily

disapproved the permit, pursuant to Section 2-120-800 of the Municipal Code of Chicago.
