Bally's Chicago Casino Project

On July 12, 2024, Bally's and GLPI announced that they have agreed to a strategic alliance to complete its permanent Chicago casino development in a single phase, including plans for a 500-unit hotel tower on the site's southern end. The Chicago Community Builders Collective (CCBC) will continue to share more information from Bally's in the coming weeks.

CCBC is excited about the potential for collaborating with you on this historic project. We hope to see you at the next outreach meeting on Wednesday, August 28 at Near North Unity Program.

The Chicago Community Builders Collective (CCBC) invites primes/tier-1 contractors, MBE/WBE trade contractors, suppliers, vendors, professional services firms, and key stakeholders to connect to build partnerships for potential business opportunities. It will be a great opportunity to network and explore potential collaborations to expand your business.
