ARPA Fund Level Summaries

About ARPA in the City of Chicago

In 2021, the City of Chicago was allocated \$1.887 billion in ARPA State and Local Fiscal Recovery Funding (SLFRF) to catalyze a sustainable public health and economic recovery from the COVID-19 pandemic. The City developed a plan designed to drive transformational change leveraging this once-in-a-generation federal funding, and allocated funds across essential City services and 50 Community Initiatives. In 2024, adjustments to the City's ARPA Rescue Plan were made to ensure compliance with the U.S. Treasury's obligation deadline and to maximize spend on the grant.
