(2) Any owner of a covered building shall request such information no later than March 1 of the years in which benchmarking is required by Section 18-14-102.1. If the owner of a covered building receives notice that a tenant intends to vacate a unit which is subject to the requirements of this subsection, the owner shall request the information specified in this subsection within 10 days of such notice, and the tenant shall provide such information within 30 days of the request.

(3) The failure of any tenant to provide the information required under this subsection to the owner of a covered building shall not relieve such owner of the obligation to benchmark the building as provided in Section 18-14-102.1, using all information otherwise available to the owner.

(4) Failure of any tenant to provide the information required under this subsection to the owner of a covered building shall create a rebuttable presumption that the owner, tenant, or both have not complied with the time limits specified in this Section.

(5) If a tenant of a unit in a covered building fails to provide information to the owner of the building as provided in this subsection, the owner shall be considered to be in compliance with Section 18-14-102.1 with respect to the building if: (1) the owner proves that the owner has requested the tenant to provide such information as specified in this subsection; and (2) the owner has benchmarked the building as provided in Section 18-14-102.1, using all information otherwise available to the owner.

(b) The ~~e~~Commissioner of ~~w~~Water ~~m~~Management may transmit water usage information for covered buildings to the ~~e~~commissioner Chief Sustainability Officer. Except for covered buildings whose owners submit a request to the ~~e~~commissioner Chief Sustainability Officer, in a form and manner provided by rule, that the buildings' water usage data not to be made public, the ~~e~~commissioner Chief Sustainability Officer is authorized to make such water usage information readily available to the public.

Notwithstanding any other provision of this Chapter to the contrary, if the ~~e~~commissioner Chief Sustainability Officer makes a covered building's water usage information readily available to the public as provided in this subsection, the covered building owner may, at the owner's option, decide to include such water usage data in the covered building's benchmark or reported benchmarking information but the covered building owner is not required to do so.

18-14-101.5 Enforcement.

(a) The ~~commissioner~~ Chief Sustainability Officer is authorized to enforce this ~~e~~Chapter. The ~~commissioner~~ Chief Sustainability Officer is also authorized to adopt rules and regulations for the proper administration and enforcement of this ~~e~~Chapter.

18-14-102.1 Benchmarking.

(a) No later than June 1, 2014, and no later than June 1st each year thereafter, the owner of any Group 1 covered building shall benchmark such building for the previous calendar year; provided, however, the owner of any Group 1 covered building with 10 percent or more residential occupancy shall benchmark such building for the previous calendar year no later than June 1, 2015, and no later than June 1st each year thereafter.

(b) No later than June 1, 2015, and no later than June 1st each year thereafter, the owner of any Group 2 covered building shall benchmark such building for the previous calendar year; provided, however, the owner of any Group 2 covered building with 10 percent or more residential occupancy shall benchmark such building for the previous calendar year no later than June 1, 2016, and no later than June 1st each year thereafter.

(c) The owner of any covered building shall retain all information tracked and input into the benchmarking tool for a minimum of three years beyond the date on which benchmarking was required.

18-14-102.2 Data verification.

Prior to the first benchmarking deadline prescribed by Section 18-14-102.1, and prior to each third benchmarking deadline thereafter, the owner of a covered building shall ensure that reported benchmarking information for that year is verified by a licensed professional. Such verification shall be in a form of a stamped and signed statement by a licensed professional attesting to the accuracy of the information. The owner of a covered building shall produce such statement for the most recent year in which verification of reported benchmarking information was required, in a form prescribed by rule, upon a written request by the ~~commissioner~~ Chief Sustainability Officer.

Exception: The ~~commissioner~~ Chief Sustainability Officer may exempt from the verification requirement the owner of a covered building that submits documentation, in a form prescribed by rule, establishing that compliance with this ~~s~~Section will cause undue financial hardship. If no-cost or low-cost verification options are available, the ~~commissioner~~ Chief Sustainability Officer may suggest that the covered building use such alternative options.

18-14-102.3 Disclosure and rating.

(a) In accordance with the schedule prescribed by Section 18-14-102.1, the owner of any covered building shall submit reported benchmarking information for the previous calendar year, using the benchmarking tool, in a manner prescribed by the ~~commissioner~~ Chief Sustainability Officer.

(b) ~~The commissioner~~ Chief Sustainability Officer ~~and the chief sustainability officer~~ shall prepare and submit an annual report to the ~~Mayor~~ and the ~~City Council~~ reviewing and evaluating energy efficiency in covered buildings, including summary statistics on the most recent reported energy benchmarking information and a discussion of energy efficiency trends, cost savings, and job creation effects resulting from energy efficiency improvements.

(c) (1) ~~The commissioner~~ Chief Sustainability Officer shall establish and implement an energy performance rating system that assigns stars to covered buildings based on such buildings' energy performance scores. Beginning in calendar year 2019, the ~~commissioner~~ Chief Sustainability Officer shall annually, after covered buildings have submitted their reported benchmarking information as provided in 18-14-102.3, assign a rating to each covered building, as follows:

(i) A rating of four stars shall be assigned to those covered buildings whose energy performance scores are between 81 and 100, inclusive, or whose energy performance scores are between 61 and 80, inclusive, and which have shown a total of 10-point improvement in their energy performance scores in the previous two consecutive calendar years;

(ii) A rating of three stars shall be assigned to those covered buildings whose energy performance scores are between 61 and 80, inclusive, or whose energy performance scores are between 41 and 60, inclusive, and which have shown a total of 10-point improvement in their energy performance scores in the previous two consecutive calendar years;

(iii) A rating of two stars shall be assigned to those covered buildings whose energy performance scores are between 41 and 60, inclusive, or whose energy performance scores are between 11 and 40, inclusive, and which have shown a total of 10-point improvement in their energy performance scores in the previous two consecutive calendar years;

(iv) A rating of one star shall be assigned to those covered buildings whose energy performance scores are below 40; and

(v) A rating of zero star shall be assigned to those covered buildings whose reported benchmarking information is not timely submitted in violation of this ~~Chapter~~.

(2) In addition to the rating provided in subsection (c)(1) of this ~~Section~~, the ~~commissioner~~ Chief Sustainability Officer is authorized to assign an additional rating of half a star to a covered building that has an energy performance score which is close to: (i) the highest possible score; or (ii) the next higher rating, as determined by rule promulgated by the ~~commissioner~~ Chief Sustainability Officer.

(3) No rating shall be assigned to those covered buildings that: (i) are exempt from the benchmarking requirement as provided in 18-14-102.1(c); (ii) do not receive an energy performance score or EUI from the benchmarking tool for technical reasons acceptable to the ~~commissioner~~ Chief Sustainability Officer; or (iii) are unable to make energy efficiency improvements due to the building's infrastructure limitations or other acceptable technical reasons, as determined by the ~~commissioner~~ Chief Sustainability Officer after reviewing the application, supporting documentations and other relevant materials submitted by the owner as provided by rule.

(4) For buildings with no energy performance scores, the energy performance rating shall be based on EUI as compared to national medians.

(5) The ~~commissioner~~ Chief Sustainability Officer is authorized, by rule, to adjust the energy performance score thresholds for the energy performance rating system in order to ensure the energy performance ratings continue to reflect changing energy efficiency standards and best practices.

(d) The ~~commissioner~~ Chief Sustainability Officer shall provide each covered building with an energy rating card indicating the covered building's current year energy performance rating. Provided, however, no energy rating card shall be provided to covered buildings: (i) that are exempt from public disclosure of reported benchmarking information as provided in 18-14-102.3, (ii) that are exempt from the benchmarking requirement as provided in 18-14-102.1, or (iii) that do not receive an energy performance score or EUI from the benchmarking tool for technical reasons acceptable to the ~~commissioner~~ Chief Sustainability Officer.

(e) Upon receipt of an energy rating card, a covered building shall conspicuously post the energy rating card so that it is visible to the general public and to visitors prior to or upon entering the covered building. The energy rating card shall not be defaced, marred, camouflaged or hidden from public view.

(f) (1) A covered building owner, or agent thereof, shall not execute an oral or written lease or purchase agreement, contract to lease or sell, or accept any money or other valuable consideration in an application for an oral or written lease or purchase agreement for the entire building or a portion of the building without disclosing to the tenant, applicant or prospective buyer, in a form and manner prescribed by the ~~commissioner~~ Chief Sustainability Officer by rule, the covered building's current calendar year energy performance rating or energy performance score. The tenant, applicant, or prospective buyer shall sign a receipt acknowledging that such tenant, applicant, or prospective buyer has received the disclosure required by this subsection.

(2) A covered building owner, or agent thereof, shall include a covered building's current calendar year energy performance rating or energy performance score in any advertisements for sale or lease of the covered building or a portion of the building.

Exception: No disclosure shall be required under this subsection (f) if any portion of the covered building is subject to the utility costs disclosure requirements and exceptions provided in Chapter 5-16 of this Code.

Exception: No disclosure shall be required under this subsection (f) if the covered building is exempt from the benchmarking requirement as provided in 18-14-102.1(c).

(g) The ~~commissioner~~ Chief Sustainability Officer is authorized to make reported benchmarking information and energy performance ratings readily available to the public.

Exception: Unless a different result is mandated by applicable law, the ~~commissioner~~ Chief Sustainability Officer shall not make readily available to the public any individually attributable reported benchmarking information from the first calendar year that a covered building is required to benchmark.

Exception: Unless a different result is mandated by applicable law, the ~~commissioner~~ Chief Sustainability Officer shall not make readily available to the public any individually attributable energy performance rating assigned to a covered building until six months after initial ratings are assigned.

Exception: Unless a different result is mandated by applicable law, the ~~commissioner~~ Chief Sustainability Officer shall not make readily available to the public any individually attributable reported benchmarking information or energy performance rating pertaining to a covered building that contains a data center, television studio, or trading floor that together exceed 10 percent of the gross square footage of any such building until the ~~commissioner~~ Chief Sustainability Officer determines that the benchmarking tool can make adequate adjustments for such facilities. When the ~~commissioner~~ Chief Sustainability Officer determines

that the benchmarking tool can make such adjustments, it shall report such determination to the ~~m~~Mayor and the ~~e~~City ~~e~~Council.

SECTION 5. No later than August 1, 2025, the Chief Sustainability Officer and the Budget Director shall provide a report, written in consultation and regular coordination with the Departments of Fleet and Facility Management, Public Health, Law, Human Resources, Technology and Innovation, Procurement Services, Mayor's Office, Department of Finance, and other departments as appropriate, to the Mayor and the Committee on Environmental Protection and Energy detailing a transition plan for additional key environmental functions, including the logistical requirements to transfer relevant duties and personnel, into the Department of the Environment for implementation in 2026.

Fines issued under this subsection are in addition to any other remedy or penalty provided by law.
